📍 Belarus, Minsk   ☆ 18 years old

SUMMARY

I learn testing from books, practice C# in Codewars and pet projects. I used js in projects with websites, and also created a game "find a pair", a to-do list using API, a list of students with a form to fill out. During the development of various projects, these libraries were used: swiper, acccordion, bootstrap, choices.

EDUCATION

Faculty of Engineering and Economics, speciality: information systems and technologies

BSUIR

📅 09/2023 - 10/2023

TRAINING / COURSES

Skillbox, fronted developer   **MySQL**
